DESCRIPTION

In accordance with 2-9-101, MCA, the Risk Management & Tort Defense Division pays, through the state self-insurance fund or commercial insurance proceeds, the cost of restoring most state property that is stolen, damaged, or destroyed. The purpose of insurance is to restore property needed for the operation of the state. The Insurance Fund is meant to reimburse for accidental loss, not to substitute for state agency duty to prevent and reduce loss or to maintain good repair. **This document is not an insurance policy**, however, it provides a broad overview of program requirements for state agencies that participate in the state's excess property insurance program. Do not attempt to interpret coverage, limits, or exclusions and apply these to state activities without contacting the Risk Management & Tort Defense Division. Specific exclusions, limits, or coverage may apply.
